BLUE SERENE RESORTS

Serenity, a state of being calm, peaceful and untroubled. A serene blue backwater, the serenity of a bird soaring high. A gentle breeze through swaying palms whispering a serene lullaby. Thoughts drift apart and then come together, seeking that which is tantalizing, elusive, serene - Blue Serene.

OVERVIEW

Turning off the highway that extends through Kerala's coastline, guests will travel along a narrow road that winds past hamlets fringed by stretches of paddy and coconut groves, to arrive at Blue Serene.

Blue Serene is contained in a single block designed in contemporary architecture, surrounded by exquisitely landscaped grounds and set beside the Enamavu Lake, a pristine stretch of Kerala's northern backwaters. The palm fringed beaches and backwaters in the north of Kerala are stunningly beautiful and most importantly, for most part, far removed from the tourist trail and therefore tranquil. Northern Kerala is also an area with its own distinctively vibrant folk culture.

Stone paved pathways snake through the landscaped garden dotted with palms, to an exclusive waterfront bungalow, past a large infinity pool, a Jacuzzi and pool for children.

Entering the stylishly appointed lobby one is wrapped in a sense of space with light pouring through large expanses of glass and bouncing off the white walls and Italian marble floors. A multi-cuisine restaurant and bar is set behind the lobby, looking out at the garden and backwater. Elevators transport guests from the lobby to the accommodations above. Situated above the accommodations are banquet areas, all equipped with the state of the art in amenities.

A breeze whispers a lullaby, through gently swaying palms. Thoughts drift apart and then come together, seeking that which is tantalizing, elusive, serene - Blue Serene.
